

Novartis in South Africa

We are Novartis, and we are reimagining medicine. Our mission is to discover new ways to improve and extend people's lives.

We use science-based innovation to address some of society's most challenging healthcare issues. We discover and develop breakthrough treatments and find new ways to deliver them to as many people as possible. We also aim to provide a shareholder return that rewards those who invest their money, time and ideas in our company.

Headquartered in Basel, Switzerland, we are a leading global medicines company. We discover and develop breakthrough treatments and find new ways to deliver them to as many people as possible. We use innovative science and digital technologies to create transformative treatments in areas of great medical need. In our quest to find new medicines, we consistently rank among the world's top companies investing in research and development. We also aim to reward those who invest their money, time and ideas in our company.

Novartis medicines reach nearly 800 million people globally and we are finding innovative ways to expand access to our latest treatments. About 108,000 people of more than 140 nationalities work at Novartis around the world.
