About the Role

About Novartis

Novartis' purpose is to reimagine medicine in order to improve and extend people's lives. We use science-based innovation to address some of society's most challenging healthcare issues. We discover and develop breakthrough treatments and find new ways to deliver them to as many people as possible. Our company is fully focused on innovative medicines within four core therapeutic areas: cardiovascular-renal-metabolic, immunology, oncology and neuroscience. Novartis is headquartered in Basel, Switzerland.

Novartis Romania is certified as a **Top Employer** by the Top Employers Institute, a global authority in recognizing and evaluating excellence in human resources strategies and practices.

Where and how do you want to grow?

You'll have countless opportunities to develop here, whether it's up, across or outside your comfort zone. You'll be surrounded by people you can learn from and admire.

Passionate. Intelligent. Knowledgeable. Curious. We form a community of supportive peers – a network of smart, dedicated people that inspire and encourage one another to develop and grow.

Having great teammates makes for a hugely rewarding work experience. As you progress on your learning journey with us, you can take inspiration from the colleagues you partner with. And your colleagues will take inspiration from you.

Novartis Internship Program offers you the opportunity to experience a breadth of assignments as well as the flexibility to meet your individual career objectives as we work together to build our business. Our intern assignments are designed to allow you to experience, first-hand, the type of work we do within Novartis. As an intern, you can make an impact on the business as well as continue to build your analytical, technical and leadership skills. Most projects offer the opportunity to work with individuals in a variety of capacities within the area you are assigned and, potentially in other functions.

“Upon completing two-thirds of the modules in my rotation internship program, I was extended a job offer from the company. I gladly accepted this opportunity, as my internship had been a highly enjoyable experience.”, says Roxana, who joined our program last year.

Daiana, one of our current interns, expresses her satisfaction with the internship program in the Value, Access, and Public Affairs field: *“My experience is incredible, it has consolidated my passion for the pharmaceutical industry and provided opportunities for a future career. Novartis is a platform of knowledge and growth, fostering personal development and encouraging self-improvement.”*

“The Internship program at Novartis presents a valuable chance for both professional and personal development, offering a broader perspective on the pharmaceutical industry.”, highlights Alina, a participant in the rotation internship program since last year.

Internship opportunities:

- Marketing - 12 months, full-time;
- Business Excellence & Execution - 12 months, full-time;
- Communication & Engagement - 12 months, full-time;
- **Rotation Internship** – Marketing / Sales / Value, Access & Public Affairs/ Business Excellence & Execution: *this internship opportunity follows a rotation program format, where participants will experience different areas over a period of 24 months, dedicating 6 months to each respective field.*

In exchange for your *passion for your work and your team, out-of-the-box thinking, curiosity and a constant desire to learn more*, you will get:

- Exceptional colleagues you can learn from and thrive with;
- Great opportunities to develop yourself and your career;
- Chance to build expertise in your area of interest;
- Technical skills enhancement;
- Problem-solving abilities;
- Professional networking;
- Handling complex stakeholders and multi-tasking skills;
- Business writing and communication acumen;
- Channel usage and content development skills;
- Event management and project coordination skills;
- Basic knowledge of corporate branding;
- Leadership and initiative skills.

Requirements

Ideally, you should be a final year student/ fresh graduate or at Master level in Marketing/ Economics/ Business Administration/ Management/ Finance/ Communication/ Journalism/ Political Sciences or other related fields, with an excellent knowledge of English (spoken and written), digital and data science skills, analytical and critical thinking, communication and project management skills, interpersonal savvy, resilience. Previous work or volunteer experience that demonstrates integrity, ethics, commitment, and excellent work ethic is highly appreciated.

Join us to reimagine medicine and boost your career!
